

Anh Truong

Software Developer
Born 1987 in Da Nang

Experience

Software Developer

Clario (formerly ERT)

July 2020 - Now

Work across the software development lifecycle, from gathering requirements and designing RESTful APIs to building back-end services with Node.js and responsive Angular/React front ends, and deploying scalable enterprise solutions on AWS and Kubernetes.

Senior Developer

Axon Active Vietnam - Da Nang branch

April 2016 - July 2020

Worked with European teams of developers and data scientists on smart data projects. Filtered and adjusted the analyzed data and presented it to users in visualizations built with Elasticsearch, VueJS, D3 and other technologies.

Senior Developer + Assistant Project Manager

Magrabbitt - Da Nang branch

August 2013 - April 2016

Analyzed customer requirements, proposed technologies, and managed and supported team members.

CTO

VTNS

June 2012 - December 2013

Researched and designed the architecture for the company's projects.

Developer + Team Leader

The Gioi Phang Co., Ltd., Da Nang

May 2011 - May 2012

Built and maintained business websites for customers.

Education

Higher Diploma in Software Engineering

2009 - 2011

Good grade in International Programmer - Softech-Aptech Center, Da Nang,

<> Projects
