

ANH TRUONG

SOFTWARE DEVELOPER

Experience

Clario (formerly ERT)

Software Developer

July 2020 - Now

Work across the software development lifecycle, from gathering requirements and designing RESTful APIs to building back-end services with Node.js and responsive Angular/React front ends, and deploying scalable enterprise solutions on AWS and Kubernetes.

Axon Active Vietnam - Da Nang branch

Senior Developer

April 2016 - July 2020

Worked with European teams of developers and data scientists on smart data projects. Filtered and adjusted the analyzed data and presented it to users in visualizations built with Elasticsearch, VueJS, D3 and other technologies.

Magrabit - Da Nang branch

Senior Developer + Assistant Project Manager

August 2013 - April 2016

Analyzed customer requirements, proposed technologies, and managed and supported team members.

VTNS

CTO

June 2012 - December 2013

Researched and designed the architecture for the company's projects.

The Gioi Phang Co., Ltd., Da Nang

Developer + Team Leader

May 2011 - May 2012

Built and maintained business websites for customers.
