

ANH TRUONG

SOFTWARE DEVELOPER

A careful programmer with over 15 years of experience analyzing, designing and building web applications. Comfortable at every stage of the software lifecycle, from analysis and coding to debugging, deployment and maintenance.

EXPERIENCE

Software Developer - Clario (formerly ERT)
July 2020 - Now

Work across the software development lifecycle, from gathering requirements and designing RESTful APIs to building back-end services with Node.js and responsive Angular/React front ends, and deploying scalable enterprise solutions on AWS and Kubernetes.

Senior Developer - Axon Active Vietnam - Da Nang branch
April 2016 - July 2020

Worked with European teams of developers and data scientists on smart data projects. Filtered and adjusted the analyzed data and presented it to users in visualizations built with Elasticsearch, VueJS, D3 and other technologies.

Senior Developer + Assistant Project Manager - Magrabbbit - Da Nang branch
August 2013 - April 2016

Analyzed customer requirements, proposed technologies, and managed and supported team members.

CTO - VTNS
June 2012 - December 2013

Researched and designed the architecture for the company's projects.

Developer + Team Leader - The Gioi Phang Co., Ltd., Da Nang
May 2011 - May 2012

Built and maintained business websites for customers.
